

Citizens Asked Consider Bonds Improvements

At the monthly meeting of the Chamber of Commerce last week the necessity of an improvement program for Randall county was discussed, and plans are being made to investigate the cost of various projects which are under consideration. It is believed that a county bond issue of practically \$600,000 will be needed to carry out the proposed program.

The largest item on the program is for \$300,000 to be spent in additional farm-to-market roads in the four precincts. If this project is presented the money would be spent on the four precincts to the best advantage of the land owners. While the state and federal government are starting such a program, it was pointed out that Randall county would not receive in 25 years the farm-to-market roads which are needed right now.

The second largest item calls for the construction of two community houses, one in Canyon and one in South Amarillo. There is a great need in Canyon for such a building to house the county library, a Scout headquarters, and a meeting place convenient to all citizens of the town and county.

Citizens of South Amarillo have pointed out for several months the need of such a meeting place in that section of the county. The new building there would house the tax offices of the county, and would afford a community meeting place. It is stated that representatives of this section of Amarillo will soon call upon the Commissioners Court for the construction of such a building.

The third project would be approximately \$75,000 for the development of the airport. It is proposed that the county take over the entire airport facilities, and thus eliminate the joint ownership of the city and county, which have started the project. It is estimated that this sum would be ample to take care of the project for several years under the direction of the long range program of CAA.

President Delbert Lowes of the Chamber of Commerce stated Monday that the directors hope that the citizens will seriously consider these projects and give the directors the benefit of their opinions.

Vesper Service At 5 p. m. Sunday

The Vesper service at the Presbyterian Church on Sunday will begin at five o'clock. The pastor will speak on "Fellowship with Christ." The young people will form a Youth Choir for this service.

At the morning service the pastor will preach on "Storing Up Treasure."

Rev. John R. Sharp, Rev. A. B. Haynes, Sr., and Rev. Robert W. Jones attended the meeting of elders and ministers of the Presbytery at Plainview on Monday. The three year plan of the Presbyterian Church USA for the New Life Movement was discussed. The importance of personal evangelism by the members of the church was emphasized.

MRS. G. F. WOOTEN HONORED ON BIRTHDAY

On Tuesday, February 25, a group of friends from Happy, came to the home of Mrs. G. F. Wooten to honor her with a birthday party and luncheon. The table was laid with a colorful Spanish designed cloth centered with two lovely cakes, decorated with red cherries. Following lunch, the honoree was presented many gifts. Many friends from Canyon called during the afternoon. Mrs. Gus Miller, sister of the honoree, presented each guest with a two toned crystal ring in Abigail Adams design, filled with candies and mints.

Mrs. Wooten was a resident of Happy for 18 years before moving to Canyon in October of 1946

MARRIAGE IN CHICAGO IS ANNOUNCED HERE

Mrs. J. M. Farr is announcing the marriage of her daughter Melba, to Mr. Garland Snow. The wedding took place in Chicago, Ill. on February 14.

Fifty-Second Year

The Canyon News

Canyon, Texas, Thursday, March 6, 1947

Number 1

Farm Bureau Named List of Co. Officers

The eight community units of the Randall County Farm Bureau completed the 1947 election meetings last Thursday with the community meeting at Jowell.

Each community elected its officers for 1947. The County Farm Bureau is made up of the officers from the various communities. These will meet on March 14 to elect the county officers for the coming year. The County Board will then set up the executive committee and various special committees to serve for one year. The current program of the Farm Bureau is more important to the interest of farmers than for any time since the Randall County Farm Bureau Association was organized in 1937.

The Randall County Association, in cooperation with other plains countries, is currently opposing the passage of certain legislation at Austin. One bill to which the farmers object seeks to tax gasoline used in tractors. Another is a sort of manufacturers price control bill. Still another is the proposed water control law which has been referred back to the house committee after a recent hearing at which the various farmers organizations of the plains were represented.

Besides the committees on legislative matters the Randall County Farm Bureau has other special committees to work on special matters, such as, good roads, insurance and others.

Community officers elected at the recent meetings are: Umlinger—Ben Koch, John Wiek, E. A. Stocker; Fairview-Sunny Hill—G. E. Wesley, E. W. Schaeffer, Mrs. T. J. Myers; Ralph—M. L. Davis, Glenn W. Dowlen, Mrs. S. S. Howell; Park—W. S. Bennett, Forest Gruner, C. B. Erwin; Highland—Luther E. Mason, Raymon Kimball, Mrs. Raymon Kimball; Canyon—J. W. Spencer, H. R. Hungate, Mrs. E. A. Michael, B. A. Burrus; Trigg—H. W. Burrus, Wilson Campbell, Emil Olson; Jowell—O. M. Scott, Earl J. Davis, J. H. Barrett.

Frozen Foods Was Shown in Picture at Rotary Lunch

Frozen foods, the methods of preparing and handling, was the subject of a special motion picture film presented Tuesday at the Rotary Club luncheon. G. A. Farlow was in charge of the program.

Due to the increase of uses of frozen foods the picture was considered very appropriate and timely.

Visitors were: O. K. Lewis, F. H. Rietman, Forrest Barnes, A. D. Steed, John Oakes, E. Kancher, Howard Lynch, Oran Thomas, Bob Foster, all of Amarillo; Jim Borders of Tulsa; Ted Reid of Canyon.

Week-end guests in the home of Mrs. W. S. Myers were W. C. Myers and Bud Myers of Lubbock and Mr. and Mrs. J. D. Price of Plainview.

Bill Knighton arrived home Tuesday to spend a few days in the parental T. H. Knighton home. Bill is a student at Baylor University in Waco.

Week-end guests in the home of Mr. and Mrs. Jo Baber were their daughter Betty, and her friends Virginia and Lillian McKnight, from Amarillo.

EDGETOWN H. D. CLUB

The Edgetown Home Demonstration Club did not meet last week because of illness. The club will meet on March 14 at 3 o'clock in the home of Mrs. C. H. Stratton.

Masonic Lodge Celebrates Past Master's Night

Canyon City Lodge No. 730, A. F. & A. M., celebrated their annual Past Master's night, Thursday, February 27.

Past Master's certificates were awarded to all living past masters present and silent prayer was offered in tribute of respect to those deceased.

Thirty-three visitors were present, representing 15 lodges in five different states. A feature of the evening was a past master's degree team composed entirely of visiting past masters. The local lodge was chartered in 1891 and this was the first Past Master's night ever held. It is the intention of the lodge to make this an annual affair.

Refreshment of barbecued beef, baked beans, fresh tomatoes, lettuce, onions, sweet relish, doughnuts and coffee were served to the group of sixty-five.

Water Control Bill Is Called Dead in Austin

The proposed water control bill for the state of Texas is believed to be dead for this session of the legislature.

Marion Davis, Clarence Beckman, A. E. Wise and Grady Persons were in Austin last week to appear before a House committee in protest to the terms of the bill.

When the bill was called up, there were no witnesses in favor of the bill, but more than 100 land owners were present to protest the measure. As a result of non-support, the West Texas delegation was assured that no action would be taken on the bill at this session of the legislature.

Several meetings of protest against the bill have been held during the past two months, especially the inclusion of the Plains territory.

Palo Duro News

Mrs. Mary Leopold of Amarillo spent Sunday through Wednesday with Mrs. Pauline Wendelken.

Mrs. Louise Meyer has returned from Brownsville after having spent several weeks with her daughter and family, Rev. and Mrs. C. A. Gaertner and sons.

Walther Leaguers of this community who participated in a bowling party in Amarillo Sunday evening were Alan Albers, Oscar and Betty Schuette, Betty Ann Miller, Herbert and Alvin Kuhlman, and Wilbert Wendelken.

In honor of her sixteenth birthday, Betty Jean Schuette entertained friends in the Fred Schuette home Sunday.

Mr. and Mrs. Otting of Milwaukee, Wisconsin, and Mr. and Mrs. Ed Otting of Amarillo visited with Mr. and Mrs. George Albers Sunday afternoon.

Members of the Lutheran Ladies Aid will meet Thursday in the home of Mrs. Albert Meyer for a full day of quilting.

Dinner guests in the Henry F. Miller home Sunday were Mr. and Mrs. Elmer Schultz of Canyon.

George Nance Is High Winner at Fat Stock Show

Hereford breeders of Randall county were among the high winners at the Amarillo Fat Stock Show this week.

George Nance won grand championship on a carlot of 12 bulls from his registered Hereford herd. Other winners in the keen competition were: Tierra Blanca Stock Farm, W. E. Bennett, Raymond Welsh, Bud Minor.

AAUW HEARS REPORT ON PERUVIAN ART EXHIBIT

The American Association of University Women met at the home of Miss Edna Graham on Monday evening, March 3, at 7 o'clock. Miss Graham and Miss Mae Simmons were co-hostesses. After the study hour, the groups assembled for a business session, presided over by Miss Ruth Lowes, president.

Dr. Hattie M. Anderson brought the report that the Peruvian Art exhibit which had been held in the museum since February 21. More than one thousand visitors, including school groups, had visited the museum.

Miss Lowes discussed the convention of the National Organization which will be held in Dallas and Fort Worth on April 14-19. Dr. Margaret E. Wiley, president of Texas State Division, was formerly a member of the faculty of West Texas State College.

The local chapter will meet the first Monday evening in April at 7 o'clock at the home of Miss Albessa Stephenson.

Help Keep Canyon Clean!

Plans on New Airport Are Given Check Up

Mayor W. A. Warren, G. A. Farlow, L. S. Johnston and Harvey Schmidt were in Big Spring Friday to present the map of the proposed airport to CAA officials. Mr. Schmidt is engineer on the project. After a careful checking, it was found that only slight changes were needed in the map to meet the requirements of CAA.

Under the three year plan for airport construction, the Canyon representatives were assured that purchase of the land and grading the runways was all that might be expected during this fiscal year, which ends June 30. The government will participate 25% in the land purchase and 50% in the improvements.

Several Attend District Meeting in Littlefield

Several delegates from the First Baptist Church here attended the annual W. M. U. meeting of District 9 which was held Tuesday, March 4 in Littlefield. Seven girls from the Girls' Auxiliary participated in the Youth Program which was presented Tuesday evening.

These girls were Sue Ann Colwell, June Long, Geneva Gressett, Kathryn Furlow, Wanda Bartlett, Shirley Goodman and Suzanne Stephenson. Other delegates who attended the meeting were Mrs. Henry Cone, Mrs. Wayne Wirt, Mrs. Crews Henry, Mrs. Lee McLaurie, Mrs. Elwood Shero, Mrs. R. T. Bowman, Mrs. Ed Phillips, Mrs. "Buck" Nunnley, Mrs. T. H. Knighton, Mrs. Roy L. Johnson and Dr. Roy L. Johnson.

North Texas has just concluded its biggest manhunt since the days of Sam Bass. The pursuit lasted four days before the "one-man crime wave" surrendered. He probably was just giving his friends time to raise a thousand dollars so he could hire a Senator and get a parole from the pardon board.

When a fellow pays 85 cents for a meal, it does look like they ought to serve butter with it. Even if butter is 80 cents a pound, it would only cost a cent to serve a pat. Of course, this doesn't include the cost of buying a new razor blade every once in a while to cut the butter with.

Maybe this mild complaint will produce results. The recent plea for sausage with some sausage in it did. Ted & Paul, who run a market in Fort Worth, sent me a good sized package of sausage that tasted like the old-time kind—free.

And from Bill Sullivan, a guide, away up in Stanley, Idaho comes an invitation to go on a hunting and fishing trip in the primitive area of the Middle Fork of the Salmon River and the Saw Tooth and White Cloud Mountains and go after chinook salmon, sockeye salmon, steel head, rainbow, golden, cut-throat, native and other trout—also elk, deer, goat and black bear. "Grizzly" was scratched out—and me all hankering to tackle a grizzly bear bare-handed, with a bowie knife in my teeth in reserve just in case I needed it.

There is a pleasure from coming in contact with nature that nothing else can give—whether it is digging in the earth and planting seeds, or dropping a line in the water under the shade of a tree or just walking through the woods at twilight.

OUTLAW LIQUOR ADS

As there is a bill before Congress now, to outlaw advertising of liquor, Rev. Sam Morris, the Voice of Temperance, and an enemy of liquor, is appealing to all who are against liquor to mail him the following letter and he will take all letters to the Congressional hearing soon: "I am for the Capper Bill outlawing liquor advertising."

Sign and mail to Rev. Sam Morris, Zone 6, San Antonio, Texas.

We all know the liquor advertising is forced into our homes by radio and many newspapers. Please take this three cent interest.

Respectfully,
John Knight.

Mr. and Mrs. C. R. Gillham and daughter, Beth, spent last week-end in Canadian in the home of Mr. and Mrs. Elmer Prichard.

Bishop Quarterman Makes Official Visit March 9

The Rt. Rev. George H. Quarterman, Bishop of the Missionary District of North Texas of the Episcopal Church, will make his official visit to the All Saints Episcopal Church in Canyon on Sunday, March 9. The service of Holy Baptism will be at 10 o'clock a. m., and at 11 o'clock will be the Apostolic Rite of Confirmation, Holy Communion and sermon, conducted by the Rt. Rev. Quarterman.

This will mark the first official visit to the Episcopal Church here of the Rt. Rev. Quarterman.

On Friday evening, March 7 at 7:30 in the Little House of Fellowship, Confirmation Instruction class will be held, and at 7:45 Wednesday evening, March 5th, a special Lenten service will be held at the church.

New Steel Is Being Laid on The Santa Fe

A special crew of 100 men arrived in Canyon Sunday and work has started laying 131 pound steel on the Santa Fe to Texico. The heavier steel will replace the 110 pound steel which has been in service for several years. The old steel will be used on feeder lines of the Santa Fe.

The crew will headquarters in Canyon for about two weeks. The crew will lay about a mile of steel per day, provided the weather is open. More of the men on the crew are from New Mexico.

Max Silvertooth, foreman, got his start with the Santa Fe under M. C. Sanders, who retired recently after long service with the railroad.

Panhandle Weather Shows Variety During Past Week

Cold; warm; cold—has been the weather chart of the Panhandle during the past week.

Following the low temperature which existed the first of last week, the Panhandle enjoyed balmy temperature over the week-end.

Another norther blew in Tuesday night, which dropped the temperature Wednesday.

The flu epidemic continues almost at the rate of last week, with every hospital in the country filled with patients. Practically every home has been turned into a local hospital.

City Cab Started Schedule Monday

Joe K. Currie started his new City Cab service in Canyon Monday.

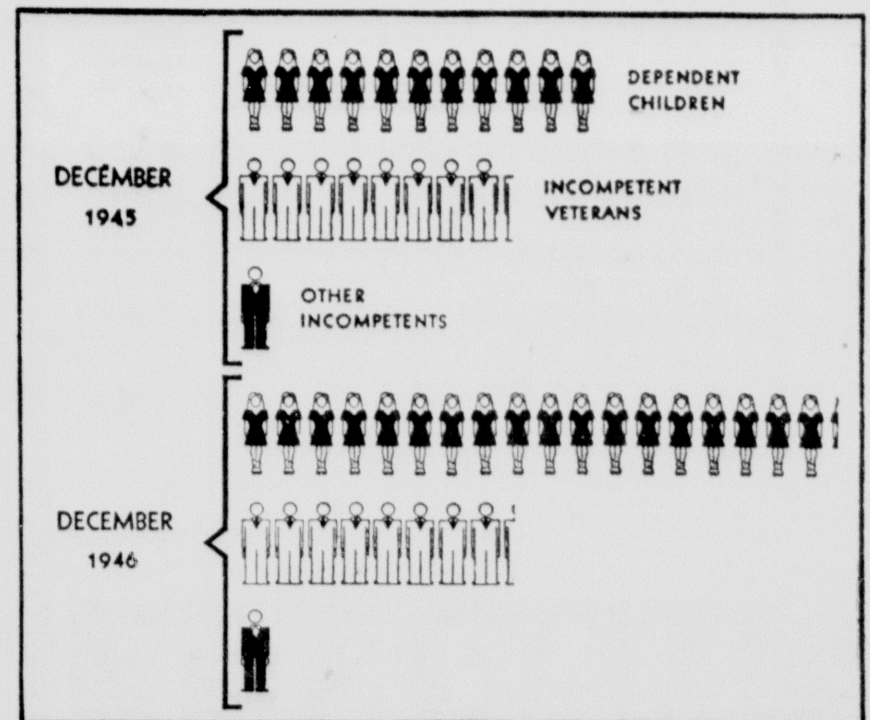

He is offering the more extensive schedule that has ever been attempted in Canyon.

People are becoming acquainted with the scheduled run and are looking for the cab.

M. E. Cleavinger celebrated his 76th birthday on Sunday, March 2. Those having dinner at the Cleavinger home were Mr. and Mrs. Elmer Cleavinger and family, Mr. and Mrs. W. E. Miller and family, and M. E. Cleavinger, Jr. and family of Stratford.

Miss Edna Lockhart from Plainview, is the new pharmacist for Canyon Drug.

MORE DEPENDENT CHILDREN ARE BECOMING WARDS OF THE VETERANS ADMINISTRATION

The number of dependent children that are becoming wards of the Veterans Administration has shown a steady increase during 1946. This total jumped from 55,296 in December, 1945, to 90,716 in December, 1946. During the same time the number of incompetent veterans increased only from 41,022 to 41,806, and the number of other incompetents from 4,656 to 5,206.

City of Canyon Clean Up Shows Large Increase

Mayor W. A. Warren stated Monday that the city is hauling 225 truck loads of rubbish to the dump grounds every month. This is an increase of 100 loads per month during the past four years, giving an indication as to how Canyon is growing.

Mr. Warren states that the trucks make the entire town every two weeks. The business section and the large boarding houses are serviced every week. The crew makes extra calls during the course of a month. It takes four days per week on an average to handle tin cans alone.

Citizens can help the city very materially by burning trash which can be disposed of in this manner. Also in piling out trash just after the trucks cleaned their alley, and then calling for additional service.

The city maintains a regular crew to handle garbage, but has need of a larger truck so that larger loads may be hauled.

Citizens may likewise be of service by cooperating in the method of handling trash. In a few places there are such heavy trash burners that it is almost impossible to move them in order to clean up. In the residential section, old oil barrels are used, and in many instances these are inadequate to handle the trash.

The city is doing its best to maintain an adequate disposal system, and calls upon all citizens to give full cooperation.

Sunny Hill News

This community was saddened last week by Mr. Dowdy's death.

We have had winter weather the past three weeks.

The Barkley family visited Mr. and Mrs. O. A. Smith Sunday afternoon.

Mr. and Mrs. O. A. Smith have been sick with flu.

Those shopping in Canyon Saturday were Mr. and Mrs. Dugan and family, Mr. and Mrs. Barkley and Phyllis, Melvin and Lowell Smith, Arthur and Cecil Henry, Mr. and Mrs. S. L. Robinson and daughter Gene and Mrs. Goodnight and Robert.

Mrs. Dawdy and Maude and Mrs. Babb and Bob and Calvin Dawdy, Mr. and Mrs. Virgil Dawdy and family visited Orva Henry and family Saturday.

Orva Joe Henry is on the sick list this week.

This community hopes to get electricity soon.

Mrs. Alvis Sykes called on Mrs. J. T. Sykes Saturday.

The wheat is pretty in this neighborhood but needs rain.

There are quite a few cattle being moved off the wheat around here.

Stork Specials

Mr. and Mrs. James R. Kirkwood are the parents of a baby boy born on March 1.

Mr. and Mrs. K. S. Head, Jr. are the parents of a baby boy born March 3 in an Amarillo hospital. Mrs. Head will be remembered as the former Kathleen Folk.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of March 3, 1922)

A daughter was born to Mr. and Mrs. S. J. Burrus.

A son was born to Mr. and Mrs. D. E. Covington.

Oscar Hunt was appointed postmaster by President Harding. He served for 8 years his term expiring near the end of the Wilson administration.

The temperature dropped to 2 degrees above zero, with four inches of snow.

Mrs. C. M. Thomas announced as a candidate for county treasurer.

MRS. FULTON HOSTESS TO ZITA H. D. CLUB

Mrs. H. R. Fulton was hostess to the Zita Home Demonstration Club on February 25. Mrs. B. E. McCormick, vice-president, presided at the meeting. A poem was read by Mrs. McCormick, and Mrs. Forrest Gruner and Mrs. Ralph Ruthardt gave talks on character and manners of children.

A delicious salad plate was served to members, Mrs. D. C. McCormick, Mrs. Ralph Ruthardt, Mrs. J. P. Upchurch, Mrs. M. H. Rockwell, Mrs. Forrest Gruner, Mrs. Ballie McCormick, Mrs. E. A. Michael, Mrs. H. D. Rose, Mrs. H. R. Fulton, and guests Nancy McCormick and Joy Rose.

The next meeting will be in the home of Mrs. W. S. Bennett on March 11.

National income hit a new high in the last quarter of 1946 with an annual rate of \$173 billion, compared to \$164 billion for the full year, and \$161 billion for 1945. Consumer spending in 1946 jumped to a record peak of \$127 billion.

Cellophane shortage will continue for several months, possibly longer, due to lack of wood pulp, caustic, glycerine and materials for plant expansion.

NEW H. D. CLUB ORGANIZED BY MISS PATTERSON

The first meeting of the Central Home Demonstration Club met at the home of Mrs. S. L. Terry on Friday afternoon, February 28. The constitution and by-laws were read and adopted, new committees were appointed and year-books filled out.

Miss Lou Ella Patterson had met with a group of new and old club members at her office on February 21 and organized the new club with the following officers: president, Mrs. Fred Marshall; vice president, Mrs. Maud Walters; secretary and treasurer, Mrs. Doug Marshall; council representative, Mrs. W. L.

Rice; reporter, Mrs. S. R. Hood; demonstrators, Mrs. Doug Marshall and Mrs. S. R. Hood. Mrs. Otto White was appointed assistant reporter and Mrs. D. M. Foster assistant secretary. Refreshments were served to guests Mrs. Henderson, Mrs. Danner and Miss Patterson, and members Mrs. Otto White, Mrs. R. E. Foster, Mrs. George Barker, Mrs. Doug Marshall, Mrs. Maud Walters, Mrs. W. L. Rice, Mrs. D. M. Foster, Mrs. S. R. Hood and the hostess.

Suggestions made inside the Cabinet that potatoes being destroyed in the U. S. be sold to Puerto Rico at marked-down prices, probably 50 cents a hundred pounds, have been overruled. Government officials did not want to be put in the position of selling potatoes abroad at that price as long as there was a chance, however remote, that American farmers might sell in the same market at \$2.

H. D. COUNCIL HELD REGULAR MEETING MAR. 1

Randall County Home Demonstration Council met Saturday, March 1 at 2:30 in the new council room with Mrs. R. A. Burrus, county chairman, presiding. Twenty members from ten clubs answered roll call. Mrs. L. S. Johnston, County T. H. D. A. chairman, announced to clubs to elect delegate to be present at the April meeting from which three will be elected as delegates to District Meeting in May. Mrs. H. R. Fulton, treasurer, reported council party a success and \$52.20 raised for the budget. Mrs. A. E. Wise, chairman of marketing committee, Mrs. Eugene Bonds, chairman of the yearbook committee, and Mrs. J. J. Wright, expansion chairman presented their plans for the year and they were adopted. Miss Patterson will conduct two training schools in March on Family Life. Two representatives from each club and family life demonstrators are urged to attend one of these schools.

Those present were: Mesdames R. A. Burrus, A. B. Haynes, Jr., W. C. Angel, Jimmy Hartnett, Ray Fisher, W. M. Cretsinger, A. N. Green, Lewis Tuck, Flynn Winters, J. V. Williams, A. E. Wise, W. S. Bennett, H. R. Fulton, R. C. Henry, Kenneth Burum, Bob Robins, Earl Burtz, J. R. Sharp, Eugene S. Bonds, J. J. Wright, Leonard Winters, L. S. Johnston and Miss Patterson.

P-TA STUDY GROUP TO HAVE LUNCHEON

On Thursday, March 13, the Parent-Teacher Association Study Group will have its luncheon meeting. The Group will meet at eleven for an hour of discussion before noon. After the covered dish luncheon there will be another hour of discussion and study. The National Parent-Teacher magazine for January and February

will be used as discussion materials. In the January issues the articles entitled "Why the Upswing in Divorce," "The Health of the Nation," and "What Are Children Afraid Of?" will be discussed. "Growing All the Way Up" and "Character for a New-Built World" from the February issue will be used. All who are interested in the group are urged to be present for this third meeting of the year. It will be held at the home of Mrs. Robert W. Jones, 1010 Fifth Avenue. The hour is eleven. Bring a covered dish and join the Group. There are some copies of these magazines available.

CHARLOTTE ANN HUFF HONORED ON BIRTHDAY

On Thursday, February 27, Charlotte Ann, assisted by her mother, Mrs. Olin Huff, celebrated her birthday by entertaining a number of her little friends at a birthday party. After story telling and playing with toys, Pat Britain of Britain's Studio, took pictures of Charlotte Ann blowing out candles on the birthday cake.

The little guests were Dorothy Ann Higdon, Mary Patricia Haley, Johnnie Simms, Joy Parsons, Jerry Montgomery, Judy Parsons, Donna Jennings, Steve Hill, Howard Lisle, Monya Thurman and Patricia Jan Huff.

Mrs. T. M. Wilson and Mrs. C. E. Clark returned last Thursday from Temple where Mrs. Wilson went through the clinic.

Olin Huff is in Oklahoma City, Okla. this week on a business trip.

A 140,000-mile network of oil pipelines, 2 to 16 inches in diameter, will carry a volume equal to one-ninth of all U. S. freight tonnage this year.

There is a continuing dispute among Government officials in Washington over the question of tying U. S. loans and grants abroad to the country's political policies. Political experts in the State Department are insisting that credits be kept close to diplomatic objectives, but economists in the Department have begun to question the value of such a course. It is doubtful if the issue will become sharp enough to reach Secretary George C. Marshall for a clear-cut decision.

U. S. dinnerware industry fears further lowering of tableware tariff (as asked by Great Britain and Czechoslovakia) would bring a flood of Japanese dishes which might displace both American and European products.

Illness may keep Herbert Morrison, Britain's Deputy Prime Minister, away from his London headquarters much longer than was first indicated. It is possible now that the No. 2 executive in the Labor Cabinet may take a sea voyage of a month or so to rest and regain his health. In his absence, the burden of British planning is being shifted more and more to Sir Stafford Cripps and Board of Trade experts.

Faster freight and passenger services are in the making. Tests on Seaboard Airline Railway show new 3,000 h. p. Westinghouse diesel-electric locomotives can pull a 10-car passenger train at 100 m. p. h. or a loaded 50-car freight train at 55 m. p. h.

Kleenite ends messy, harmful brushing. Just put your plate or bridge in a glass of water. Add a little Kleenite. Presoak. Stains, discolorations, denture odor disappear. Your teeth sparkle like new. Ask your druggist today for Kleenite.

KLEENITE the Brushless Way

Get KLEENITE today at Canyon Drug and all good druggists.

Cupid's Masterpiece

Top leaders of China's Nationalist Government are saying privately that the Kuomintang is ready for two years of civil war with the Communists, if necessary. They say that Generalissimo Chiang Kai-shek is confident that the country's shaky economy is strong enough to carry on through that long a period of fighting.

Despite the elaborate announcements made in advance, it is becoming doubtful whether the export program for Germany can get started much before the last part of this year. Financing of the program is being held up awaiting action by the U. S. Congress. Several important measures upon which the program is hinged cannot be started until decisions are made at the coming conference of Foreign Ministers in Moscow. Meanwhile, raw materials are putting Western Germany's industries into operation are not yet in sight.

Great Britain's Labor Government is putting pressure on the British Trades Union Congress to prevent further strikes of the size reached in the recent walkout of London truckers. It is doubtful if TUC leaders will be able to do much, however, because virtually all such strikes have been "wildcats" called in defiance of union officials.

The retirement of Stanislaw Mikolajczyk from the Polish Government does not mean the end of his political influence in Poland. A recent vote within the opposition Peasant Party shows that he still controls the majority of its delegates. His party may be more outspoken in opposing the Communist-dominated Government in the future than it was when it was forced to go along with Government plans as a minority in the Cabinet.

Yugoslav agriculture, the country's main industry, still is operating far below prewar normal, despite claims of speedy recovery. During the 1946-47 crop year, Yugoslav sugar output is estimated at no more than 40,000 tons, which compares with an average crop of 104,000 tons before the war. Even at the prewar rate, sugar consumption per person was only a fraction of the standard in Western Europe.

It is becoming doubtful if the Russian-Iranian oil agreement, negotiated almost a year ago, ever will be put into effect by Iran's Government. The agreement, giving Russia access to oil deposits in Northern Iran, has yet to be ratified by the Iranian Parliament. One reason for the likely collapse of the agreement is the fact that the Iran Government's easy victory over a pro-Soviet regime in North Iran has given the present Cabinet more confidence in its ability to resist the Russians.

Egg producers and Hollywood stunt men will pick the "most beautiful hen in America." Winner (Miss Slick Chick of 1947), picked for charm, personality and sex appeal, will get a gold-plated egg. Object: To make Americans conscious of eggs and chickens, plug a forthcoming movie, "The Egg and I."

Evidence of the seriousness of Russia's crop situation is found in new train schedules inside the So-

viet. Trains carrying tractors and agriculture equipment have been given a top priority to speed such equipment to the collective farms in time for the current planting season. So urgent is the shipment of farm machinery that railroad men who established reputations for fast handling of wartime freight to the front have been put in charge of farm-implementation trains.

The French port of Dunkerque is expected to be reopened to shipping traffic by the end of this year, but its business prospects are not too good. Most of the timber, cotton, wool and coal that passed through the port before it was mashed in the war now goes through Antwerp, and forwarding agents will be reluctant to switch back to the French port.

Prospects still are thin for extension of Selective Service or enactment of universal training. Every encouragement to voluntary enlistment is a more likely approach.

Vows Spoken In Formal Ceremony

Miss Emalee Prichard, daughter of Mr. and Mrs. E. L. Prichard of Amarillo, became the bride of Lawrence C. Keaton, son of Mr. and Mrs. W. L. Keaton of Amarillo, in a formal church ceremony on February 22.

Dr. Neal D. Cannon, pastor of Polk Street Methodist Church, read the service in the West Amarillo Christian Church. Wedding music was offered by Mrs. Bill Evans.

An arch of huckleberry and marguerite daisies, with arrangements of white stock at the base and flanked by cathedral tapers and baskets of white stock, palms and fern, formed background for the wedding ceremony.

Entering on the arm of her father, who gave her in marriage, the

bride wore a duchess satin gown styled with a sweetheart neckline, basque waist and long sleeves. Her finger-tip length veil of French illusion fell from a coronet of seed pearls.

She wore a strand of pearls belonging to her aunt, Miss Mattie Foster of Canyon, for something borrowed; for something old she wore her grandmother's wedding band and for something blue she carried the bridegroom's mother's wedding handkerchief. Her bouquet was of gardenias and stephanotis with white satin streamers atop a handcarved Bible sent to her grandmother from Jerusalem.

Matron-of-honor was Mrs. R. J. Carlton, and maid-of-honor was Miss Betty Jean Phipps. Miss Elizabeth Farr and Mrs. Tommy Buford were bridesmaids.

W. L. Keaton was his son's best man and Billy Jo Keaton, brother of the bridegroom, Harry Pointer and Billy S. Harper served as ushers. Following the ceremony, the bridal party was honored at a reception in the church parlor.

The couple left on a wedding trip to Old Mexico and Carlsbad Caverns. After March 1 they will be at home in Borger, where Mr. Keaton is a design engineer at Plains Plant of Phillips Petroleum Company.

The bride is a graduate of Amarillo high school and attended the University of Colorado and Amarillo College, where she was a member of Beta Phi Gamma, Kappa Kelta Chi and Beta Sigma Phi. The bridegroom was graduated from Amarillo high school, attended Texas A. & M., Southwestern University, Louisiana Institute and the

University of Oklahoma, graduating from Oklahoma with a B. S. in mechanical engineering. He was a member of Tau Omega fraternity.

Guests from Canyon who attended the wedding were Mrs. N. A. Croson, Mrs. Ross Service, Mrs. Bill Service, Mr. and Mrs. Lee Foster and Sally, Mrs. Bob Foster, Mr. and Mrs. Dewey M. Foster, Mr. and Mrs. Henry Reynolds, Mr. and Mrs. William Brune and Bobby, Mr. and Mrs. Jay Prichard, Mr. and Mrs. Hud Prichard and Dianne, Mrs. Emma Foster and Miss Mattie Foster.

Shower Honors Recent Bride

Mrs. Harold Woolsey, nee Anna Pauline Seales, was honored Wednesday afternoon, February 26, with a post-nuptial shower given in the home of Mrs. Rhea Robbins. Guests called during the afternoon from 3 o'clock until 7 o'clock.

Hostesses for the tea-shower were Mrs. Robbins, Mrs. John Hammond, Mrs. Earl Davis, Miss Joan Morton, Miss Dorothy Butler and Miss Wynema Robbins.

Guests were served angel food cake with tea or coffee from a table covered with a cut work cloth and centered with pink azaleas. Mrs. Hammond and Mrs. Davis presided at the tea service. Miss Joan Morton registered the gifts.

Forty-three guests called during the afternoon and approximately fifty sent gifts.

RUBY LEE HALES HOSTESS TO ZITA 4-H CLUB

The Zita 4-H Club met in the home of Ruby Lee Hales in a regular meeting February 22. The meeting was called to order by the president, Anita Ruthardt. The group sang "America" and "America the Beautiful" in honor of George Washington's birthday. Following plans for a theatre party in Canyon, Miss Lou Ella Patterson took charge of the meeting and gave a demonstration on seed boxes. The club welcomed a new member, Mary Elizabeth Jennings.

Refreshments of tree sandwiches, cherry pie and hot chocolate were served by the hostess to Anita, Nelda and Nora Dell Ruthardt, Carol and Flora Jane Rose, Martha and Jane Hales, Mrs. Forrest Gruner, the sponsor, Miss Patterson, and Mary Elizabeth Jennings.

Merchant bankers in London are resuming the international financing of commodity trade. A group of them has arranged a \$50,000,000 revolving credit to the central organization of the French wool industry, which is operating at 10 per cent above prewar levels. The French expect to export more than half their output and repay the credit from current proceeds.

Wedding Date Is Announced For Young Couple

Mr. and Mrs. Otis Houtt of Tucumcari, New Mexico, are announcing the engagement and approaching marriage of their daughter, Mattie Louise, to Lee Roy Moreland of Canyon.

Wedding plans were revealed at a tea recently in the Houtt home in Tucumcari. Guests were welcomed by Mrs. Houtt, the honoree, and Miss Margaret Lair of Canyon. Decorations throughout the entertaining rooms featured a pink and white color scheme. Announcement and the date of the wedding, Easter Sunday, April 6, was made on tiny scrolls in miniature Easter baskets.

Miss Houtt is a student at West Texas State College and Mr. Moreland is employed here at the United States Post Office.

Editorials

ANOTHER BIRTHDAY

Another year has rolled around and The Canyon News is another year older. We have entered our fifty-second year.

Last year we expressed a desire to publish an historical edition before this time. Conditions which confronted us then are as critical as a year ago. As a matter of fact the paper situation is more critical than at any time during the year.

The only thing that may look a little brighter is the fact that the new linotype which we ordered two years ago is now in transit. If there are no tie-ups in transportation, or someone decides to strike because of some fancied insult, we may have the new machine rolling within a month. The thing that makes us mad about this new machine is the fact that we were forced to pay tribute to CIO in New York to the extent of \$1220, which was tacked onto the original price of the machine because of the linotype strike last summer.

The News as well as the publisher are growing older, and not very gracefully, either, so far as the publisher is concerned.

When we refuse to face and meet problems which never be postponed, it usually costs us a lot of unnecessary money. We are now up against this situation in regard to the education of the Negro. The legislature is hectoring rushing through a bill to establish a Negro University that will cost three million or more dollars. Before you can have a university you must first have students. Before you can open a real university you must of necessity have been training youth for years to enter such a university. That means starting in the lower grades. In populous counties of Texas where the Negroes are numerous, the whites have long boasted that their schools were supported by the money which was appropriated for the blacks. The legislature has winked at this practice for years; and the State Department of Education has not been too inquisitive as to where the money was being spent. As we have stated many, many times, we do not profess to know how to solve the Negro problem, as we have never lived among them; but we do profess to know what is right and what is wrong, and the people of Texas are going to be penalized because we have been stealing school money from the Negro children in order to support schools for the whites, and that is no misstatement of facts. As a result of having to rush out now to build a new university at inflated prices, the state will have about a first class high school or junior college plant when it gets through spending the three million. But we shall rely on the age long theory that the blacks won't know the difference, just so long as the state furnishes the so-called university.

Congress is practically certain to abolish OPA in all phases on June 30. If the American people cannot run their own affairs by that time without dictation from Washington, just what is going to happen to the nation? We have heard of rugged Americanism throughout the years, but this has been translated into the rugged Washington bureaucracy during the past 16 years. Common sense among the buyers of America will hold prices in line as OPA goes out.

The pardon system of Texas is under investigation. During the Ferguson administration the state went through the orgy of pardon abuses. In order to cure this evil, the legislature set up the Board of Pardons. Now we are faced with abuses and charges against the practices of this board. No matter how carefully the law is written, the errors of human judgment creep into the decisions of those who administer it. When we deal with the criminal elements of society, we are dealing with the shrewdest and most unscrupulous of the state. Personally we will not become alarmed over the situation until a full investigation has been made and the public becomes aware of the correctness of the charges.

A new comer to Canyon jolted us the other day in saying that Canyon was a very dirty town, and nothing was being done about it.

We are in the habit of saying that Canyon was a clean little town. Canyon looks its worst this time of year, with all vegetation dead, and old newspapers and tumbleweeds blowing without restraint. But if we will take a serious look at the town, we shall find that this citizen is right. Canyon is not attractive right now, and the time is rapidly approaching when a good old fashioned town cleaning will be in order. In the meanwhile, instead of adding to the unattractiveness of the town, all of us can go to a little trouble and remove all rubbish which is adding to the unattractiveness of Canyon. When spring comes, let's get ready for a genuine clean up day.

A group of government agents were discussing federal spending the other day and all were of the opinion that cuts could not be made in their departments without greatly crippling the services being rendered to the public. That is the trouble in trying to reduce expenses. No one wants to stand a cut. Well do we recall in the early 30's when a man working in Canyon quit his job because his pride would not permit him to stand a reduction of \$25 per month. He moved away and was soon drawing a salary of less than half what he was formerly paid in Canyon. The only way federal expenditures may be reduced is to cut appropriations and let the departments adjust their spending to the money they have. While all citizens are aware of the 260 billion debt hanging over us, no one seems concerned as to how or when it will be paid.

Many experts in the automobile industry are scaling down past estimates of potential consumer demand for cars. Reasons are: First, high prices are driving buyers out of the market; second, the estimates were probably excessively optimistic in the first place.

Some think you will be able to buy just about any car you want by the end of the year, without waiting. Others place the return of the buyers' market a little later. The selling prices of used cars are shrinking, and overstocked dealers are definitely worried.

The flu has been upsetting the usual routine of affairs in Canyon the past 10 days. Practically every home in Canyon has been hit by the flu and it is no joke either. When the bright sunshine returns, we shall forget the ills of the bleak winter days.

Senator O'Daniel is at it again. He claims that the Republicans are pikers when it comes to reducing federal taxes. Pappy would lop off about 13 1/2 billion from the President's estimates. The trouble is that when we start slashing taxes, cuts are made in the wrong places.

Panhandle Publishers may be alarmed to see a statement in The Texas Press Messenger that the 38th Annual Convention date has been changed. This statement is not correct and was unauthorized. The dates for the convention are April 11-12. The program will be announced in a few more days.

ECONOMIC HIGHLIGHTS

Winston Churchill, that past master of the resounding phrase, once said that he had not become the King's First Prime Minister to preside at the dissolution of the British Empire. It is too early to say whether that unenviable task will fall to conscientious, uninspired Mr. Attlee—but it is clear that England is now in the midst of one of the bitterest crises of her long and turbulent history.

The roots of this crisis go deep. Before the war, England was hard put to maintain her dominant position in the world. The war placed an almost unendurable strain upon her resources and energies—and, of very great importance, practically exhausted her American financial credits. The people of the Dominions, as in India, have long been dissatisfied and restless. And in the

more advanced Dominions, such as Canada and Australia, the influence of the United States has rivalled and in some ways exceeded that of the Crown.

You can find a dozen opposed reasons for the victory of the Labor Party over Mr. Churchill's Conservatives in the last British elections. The most reasonable is that a weary people wanted a change, and Labor promised that. It received heavy popular endorsement of the most sweeping program for socialization of industry ever seriously proposed in a democratic nation. And, at the same time, the people approved an "austerity" program, designed to regain and expand England's foreign markets and to rebuild her world economic prestige. This program was also urged in most of its essentials by the Conservatives.

First move of Mr. Attlee's government was nationalization of the coal mines—long one of the sorest trouble spots in the British domestic economy. During the war, coal production was kept up by what amounted to draft labor. Since nationalization, production has been inadequate, and the miners seem no happier than before. Labor spokesmen attribute the recent emergency, in which coal shortages resulted in a temporary shutdown of almost all industry, to some of the worst weather in English history. However, even if this factor is given maximum value, it is evident that Labor has not found a solution to the coal problem. And many authorities think that similar ill effects may result when Labor socializes the electric industry, which is scheduled for the near future.

The basic English long-range plan is to place the Isles on a virtual subsistence basis, while everything possible is exported abroad to build up an enormous, ever-expanding volume of trade. The first part of that plan has been achieved by edict—the average Briton's standard of living is under war levels now. The second part has not been realized. The flow of British crockery, woolens, motor cars, Scotch whiskey and other Empire products to the markets of the world—with the dollar-spending U. S. market at the top of the list—has been far below forecasts. So many an Englishman has come to feel that he is making the sacrifices that austerity demands—

but his country is getting the projected benefits. Mr. Churchill, in his present role as leader of His Majesty's Opposition, has aired that point of view aggressively in Commons on innumerable occasions.

The American loan was, of course, a life-saver to England. It gave her dollar credits she had to have. Our reasons for making the loan were manifold—perhaps the most important being the hard fact that Eng-

land is one of the very few friends we have abroad in a world torn between conflicting ideologies. But English economists are greatly concerned because much of the loan is being spent for living purposes which do nothing to solve the trade and export problem. This, too, has been the subject of much angry debate in Commons.

From the point of view of Empire solidarity, England faces more trouble at every turn. Viscount Wavell's efforts to bring order out of the Indian chaos was in most respects a failure. Great numbers of British troops are being withdrawn from India now, and it looks very much as if the Indians will be left largely alone to work out their difficulties. Volumes could be (and have been) written on the Palestine question—but, whatever one's point of view, it is obvious that peace lies far away, and the Holy Land will remain for a long time a country of dissension and bloodshed.

Some observers have forecast the collapse of the Labor government. The best authorities do not agree. It is significant that Mr. Churchill, despite his strong criticisms, has not introduced a measure of censure against the government. It is felt that Labor will continue in power at least for the time being—that the British people will give it every chance to solve the problems. The British lion, which once proudly dominated half the world, fights for survival.

Ten million persons over 65 will be receiving old-age or survivors' insurance benefits in 1950, a ten-fold increase over today, according to inside Government forecast furnished Congressmen.

"Superman's" lawyers, say radio trade reports are probing the legality of using actual names of hate outfits like the Ku Klux Klan and Columbians as future targets for their crusading do-gooder.

DON'T BE DISAPPOINTED REPAIR YOUR EQUIPMENT

Farmers are advised that conditions for new farm equipment are not so favorable as we anticipated a few weeks ago.

Strikes have reduced the amount of materials available.

Therefore, fewer machines will be made than the companies had anticipated.

This simply means that farmers must keep their present machines in good repair in order to raise another record crop for 1947. You are urged to bring your equipment to our well equipped shop and have needed repair work done.

G. M. C. TRUCKS

Groups Conduct Two Conferences

**Musicians, Journalists
Visit WT Campus
Friday and Saturday**

For two conventions of high school students who conferred here last week, the campus of West Texas State formed a popular meeting ground. Young bandsters of the Panhandle region studied in a clinic Friday, and student writers were guests of the college journalism department Saturday.

"With approximately 500 bandsters from 21 high-schools gathered at WT last Friday, the band clinic was a huge success," comments M. J. Newman, band director.

From the 500 musicians, a 95-piece all-star band was chosen, with from three to 10 being selected from each school, depending on its size. They were conducted by Max A. Mitchell, band director of Oklahoma A&M, in a special concert. The WT band gave a special concert and Miss Matilda Gaume, music instructor, rendered a solo for the group.

Popular Show

"The Variety Show was the high light of the entertainment," Mr. Newman added, "playing to a full house, including full aisles."

Saturday, the 8th of March, the WT band will lead the parade at Borger, in celebration of the oil town's 21st birthday. They will also entertain with a street concert at 1:30. The Collegians will play for the dance in the evening.

More than 200 were registered for the meeting for the Panhandle High School Press Association, according to Miss Dorinda Bond, director.

Pampa Boy Presides

To succeed Cherry Anne Forrest of Hereford, Don Lane of Pampa was elected president. Other new officers are George Bob Vick, Amarillo, vice-president; Marilou Williams, Plainview, secretary; and Mitchell Jones, Canyon (WT High) treasurer.

In the contest division, plaque winners were: news story, Billie Roberson, Amarillo; feature story, Naneen Campbell, Pampa; sports column and sports story, Stony Wall, Jr., Lubbock; general column, Betty Smith, Amarillo; and editorial, Joyce Cummings, Panhandle.

Awards for service rendered to their schools were given to the Carson County News-Review, published by the students of White Deer high school, for the best printed newspaper; and for the second consecutive year the Phil Echoes of Phillips High School won for mimeographed papers.

There is no need for excitement over China's request to sell 200 million dollars worth of UNRRA goods on the black market. It's just that the black market is where the American dollars are and the Chinese government doesn't have transport facilities for handling the take in Chinese dollars.

Death of Adm. Marc Mitscher ended a colorful career, but not the fundamental concept of naval power he did most to develop—the fleet, with the aircraft carrier as its backbone, is still an essential arm of national defense, despite A-bombs or any other weapon, dream or real.

Fairview Breeze

It has been cold and snowy in this vicinity the past week.

Mr. and Mrs. G. E. Wesley attended a farm bureau meeting at Highland, Tuesday evening.

Mrs. H. H. Shipman honored her father with a birthday dinner. A cake with all the candles was presented by Mrs. Shipman. Those enjoying the feast were: Mr. and Mrs. Sharps, Etta Jean and Troy Wayne, Mr. and Mrs. Schaeffer and Anna-bell, Mr. and Mrs. J. W. Wesley, Vesta Amerson, Mr. and Mrs. Fred Hext, Mr. and Mrs. E. M. Wilson, Darrell and Ervin, Woodrow Tucker, Rayford Shipman and the host and hostess.

Those on the sick list for the past week were Mrs. Serena Bryan, Tom Rogers, Mrs. J. W. Wesley, Mrs. E. W. Schaeffer, LaVenla Amerson and Mary Wise.

The "42" tournament ended Saturday evening with Mr. Hammond of Canyon winning high prize for four consecutive nights.

Mr. and Mrs. Fred Hext report the birth of a granddaughter, born Feb. 22 at Pampa to Mr. and Mrs. L. G. Airhart. She is named Angela Vivian. Mother and baby are doing fine.

Melvin and Evelyn Schaeffer left Tuesday to visit their sister and family who reside in Philadelphia. Melvin will stop off at Dayton, Ohio for a few days visit with Wayne Sluder. They plan to be gone about four weeks.

Umbarger News

with her daughter, Mrs. Fannie Stevens for a number of years.

Mrs. W. H. Hamblen now of Canyon was a dinner guest with Mrs. E. A. Franklin last Wednesday.

Mrs. H. L. McGehee who went to Denver, Colo. for medical treatment several days ago, is reported to be

some improved. We hope for her a speedy recovery.

Mr. and Mrs. W. R. Franklin were visiting in the Roy Franklin home near Canyon Sunday.

Mr. and Mrs. Bill Heisler announce the arrival of a baby girl.

Navy Secretary James Forrestal is a favorite to get the nod for the Ambassadorship to the Court of St. James, succeeding the late O. Max Gardner. Other possibilities are Lt. Gen. Walter Bedell Smith, Ambassador to Russia; and former Sen. James Mead.

Play It Safe!

● Why take chances on not having all your equipment in good running order next season when you can have it all fixed up now. That's our business — expert repairs on any tractor, implement or tool used in farming. We have the mechanics, the special shop equipment and a big stock of genuine IHC parts to do your work right.

The main thing is to give us a little advance notice when you can. Most of the time our shop is swamped but when we know ahead of time we can schedule your jobs and have your machines ready when you want them.

Just give us a ring. Then when you're coming in, load up your tractor or any other piece of equipment and drop it off here. You'll find our service as good as the McCormick-Deering machines we sell. Our prices are reasonable. And we guarantee your satisfaction.

BRITAIN'S STUDIO

Will remain open, although, due to illness

PAT BRITAIN

Will be unable to be in the studio for the next two months. However,

MRS. ETHEL BLACK

who was with Britain's Studio for 20 years, will return from Huntington Park, Calif. to handle the portrait work during Pat's absence.

WILSON BALLEW

will take care of the commercial work. He has been with Britain's Studio for the past year, and has recently been working at McCormick's in Amarillo.

This capable staff will handle all the work at Britain's Studio during Pat's absence, and the Studio will be open for business as usual.

High School Press Staffs Have Annual Association in Canyon

200 Journalists Banquet, Hear Addresses, Awards

Over 200 journalists gathered in Canyon last Saturday for the annual Panhandle High School Press Association.

Officers for the ensuing year were elected. They are as follows: president, Don Lane, of Pampa; vice-president, George Bob Vick, of Amarillo; secretary, Marilou Williams, of Plainview; and treasurer, Mitchell Jones, Jr., of West Texas State College Training School.

Guy Speaks

Charles A. Guy, editor and owner of the Lubbock Avalanche-Journal, delivered the main address of the morning. "Study subjects that will benefit you," he insists, namely, history, sociology, psychology, English, English and more English. He discussed the future changes that are to soon take place in our daily newspapers. The new color printing as was shown in Sunday, March 2, Amarillo Daily News. He suggested that boys and girls who really are interested in the profession, work on home town papers.

At two o'clock Miss Loula Grace Erdman, West Texas State College faculty member and author, spoke on how to become a successful writer. She stressed hard work, originality, and close observation. Miss Erdman also stressed the need for one's trying to write regularly. "With a group who loves writing for its own sake, there ought to be a superior writer in this association," she concluded.

Awards Announced

Awards for news writing contests winners were announced by Miss Dorinda Bond, director of journalism at the college.

The noon luncheon was served in the basement of the Methodist Church with journalism students of West Texas Training School in charge. The evening lunch was arranged by the Canyon High School journalism students. After the evening meal, the group dispersed until regular meeting time in 1948.

WANTA GET EXEMPT?

How does it feel to be exempt? One of the main arguments is to have the high average required, students would study harder during the periods between tests instead of loafing and waiting until the last minute to cram. Those who study would receive some credit and reward for their efforts. Some students might have ill feelings toward some of their teachers if they should lack only one point, or maybe, even just a fraction from reaching the fatal line between a night of reviewing and a night of "sleep."

Usually a school's rating is lowered when students are allowed to be excused from taking examinations. There is a technique in taking tests and at some time or other everyone is required to take one. There is no way to learn that technique except by taking them. If just upper classmen were exempt, at least every now and then, they would be more enthusiastic in their schoolwork (maybe I should say "we").

So, teachers, how about giving us seniors a break and let us off once before school is out—if for no other reason as a graduation present or just so we'll know how it feels to be exempt.

by F. G.

OUR PAPER

Have you ever thought of working on the school paper? Well, you should because Journalism is an interesting subject, and you get a credit too. (School credit, that is).

We burn the midnight oils almost every Monday night, but along with work we have a lot of fun. Yes, it is true, we don't get much credit from our fellow students and teachers, but if they don't appreciate our work, so what.

When a staff member approaches you for news, don't act hateful and turn away, because news makes the paper and when it is wrong because you won't do your part, it ruins the whole paper.

Come on, student body, back the Journalism class and help make "The Eagle's Tale" a better paper, and "give credit where credit is due."

Classes Battle During Intramurals

The Eagle's Tale

21st Year

Published by The Canyon News for Canyon High School

Thursday, March 6, 1947

'46-'47 Eagles

These are the boys which constituted the 1946-47 CHS basketball team. This team brought home one first place and three second place trophies this season and rated six persons on all-tournament teams. Charles Wright was placed on the all-district team at Dumas. They are from left to right: Richard Walters, Billy Abbott, James Inman, James Guthrie, Wilbert Long, Captain Austell Burrus, Charles Wright, Bruce Winn, Meade Michael, Jerre Inman, and Coach R. D. Wheelock.

Wheel! But I like to not have made it this week. All this flu and such has been pretty bad on your old friend, Cal.

You shouldn't laugh at the wrong time, Jean Hill and Max Bellah, and you wouldn't be sent out of Geometry class. Did you enjoy looking at all the interesting things in the chemistry laboratory? Also Max, why didn't you pick a quieter place to wink at Jean Hill instead of in the hall between 8:30 and 9:00? Hmmm.

Gerry Small and James Rigsby are at it again. Did you enjoy the Variety Show last Wednesday night and hunting last Thursday afternoon?

What's this old Cal's been hearing about Donna Erwin getting stood up? WELL!

Billie Marie Money has already gotten the situation well in hand. Did you and Donnell Ruthart enjoy the show last Thursday night? Bryce Slack isn't taking any chances because he already has a date with her for the FFA party.

I heard that Jimmy Wooten and Betty Ross Craig stepped out last Friday night. Have fun kids?

The other day when I was trying to find some good juicy news a little birdie told me that James Inman was giving Joan Hicks quite a time. Is this True?

Who, I ask you, was that man that Frankie Sneed was seen with last Sunday afternoon? She won't tell me so why don't some of you other super-snoops try to find out?

Weedon, that Gwen Burgess from Amarillo, really must be fond of you. How do you like a boy visiting you at school?

Humm, Katie Furlow must really affect Landon Barrett! Last Saturday night after their date, it seems as if his nose had had a bleeding spell—At least he said it was blood (any doubts among you readers?)

Is you is or is you ain't going to have dinner with a handsome college "man" next Sunday, Mary Ann Parker? That's the rumor anyway!

Sue Dickerson was escorted by Bruce Winn last Sunday. Did you all have fun kiddies?

FLASH! News of the year! Miss Kathryn Davies is to be married in April. Who is the lucky guy, Miss Davies? (Could it have anything to do with Chili?)

Who is this June Bull from Le-fors that was at the PHSPA meeting last Saturday, and kept asking the Canyon High girls about that

New Texts Have Cultural Facts

New textbooks were received last week by the Spanish I and II students.

This is one of the state adapted texts; however, it was not selected by the textbook committee of CHS.

Recently when the grammar used by the classes proved inadequate, this new book, published by Friedman, Arjona, and Carvajal, was ordered and will be the basic guide to follow from now on.

In addition to grammar and stories the book contains cultural material pertaining to historical and geographical facts about Spain and Mexico.

"I'm sure the Spanish students will find the new text filled with necessary information and a challenge that will constantly encourage further study," states Mrs. A. K. Knott, instructor of Spanish.

Freshman Class Group Gives Semi-formal Game Evening

The Freshmen Class had their first party of the semester last Friday night at 7:30, which was a semi-formal affair.

The entertainment consisted of card games, dancing, and group games.

Refreshments of cocoa and cookies were served by Mrs. L. D. Winn and Mrs. B. A. Burrus, roommothers. Miss Kathryn Davies, sponsor of the class, told the group of her approaching marriage in April.

Superintendent E. A. Wooten is attending a superintendent and principal's meeting in Atlantic City, New Jersey. He will be gone about ten days.

Members of the journalism class were treated to sandwiches and pop last Monday afternoon by Mrs. R. B. Davis.

A number of Latin-American ambassadors in Washington, disturbed at what they consider attempts by the U. S. to dominate the Pan American Union, are insisting that the monthly meetings of the Union's Governing Board be open to the public. The question is to come up for a vote at the next meeting of the Board on March 5. Although the U. S. member, Assistant Secretary of State Spruille Braden, is opposing the motion, chances are strong that it will be approved.

tall blonde Junior. I believe she went with him last summer! Old Cal would like to know more about this, wouldn't you?

Suzanne Stephenson seems to be doing ok for herself. She went with Keith Johnson Saturday night and Harold J. Prichard Sunday night. My, goodness, Suzanne how do you do it?

Lettermen Head Coaching Staff

Play-offs Are To Be Held During The Noon Hours

To open the 1946-47 basketball intramurals, the sophomores led the eighth grade with a 14-9 victory, Monday, February 24.

Tuesday the seventh grade slumped before the juniors in a one-sided affair, the score being 21-3 in favor of the upper classmen. Paige Carruth was high point man for the juniors with 9 points. Sydney Plant was high scorer for the seventh.

Seniors Lose

Losing to the freshmen, Wednesday, were the seniors with a score of 20-8. Harold Martin was high-point man for the freshman with 7 points. C. L. Hood led the seniors with 5 points.

Playing again Friday were the juniors, who out-scored the sophomores 22-18. Lloyd Lindsey led the juniors with 9 points. Leading with 8 points for the sophomores was Billy Cleavinger.

Lettermen Coach

Coaches for the teams are this year's lettermen. They are as follows: seventh grade, James Inman; eighth grade, Richard Walters; freshmen, James Guthrie; sophomores, Jerre Inman; juniors, Austell Burrus; seniors, Wilbert Long.

These games are being played during the noon hour in the high school gym.

"After a week's play our intramurals in basketball are half through. At this point it is hard to pick a winner. No team has been eliminated yet. We play a double elimination tournament. All teams are being well coached and a lot of enthusiasm is exercised by players and students alike," states Coach R. D. Wheelock.

Mrs. Nora E. Gilmore was absent from school Tuesday and Wednesday of last week due to illness. Mrs. J. R. Sharp substituted for her.

School was dismissed last Thursday, February 27, because the heating system was out of order. School was resumed Friday morning.

WTS College Is Host to Bands

Twenty-two Panhandle bands assembled Friday, February 28, at West Texas State College for a band clinic sponsored by the College.

A previously chosen one-hundred member clinic band, practiced together. Dorothy Gafford, Donna Erwin, Jo Ann Bullard, Max Bellah and Bill Davis, from Canyon High, practiced under the direction of Max Mitchell of Oklahoma A and M, who gave them pointers on playing.

Those who participated in this band were given a luncheon at noon.

Between general sessions the guest bands were entertained by the Buffalo Variety show, and a concert was given by the West Texas State marching band.

Friday, February 28, Mrs. K. L. Kirkland and Mrs. Ed Weeks, were unable to teach classes. Mrs. J. R. Sharp and Mrs. McBroom substituted for them.

Has a Cold Left You With a Nasty Cough?

When your cold brings on a nasty trouble, some cough, spend 45 cents at any drug store for a bottle of BUCKLEY'S CANADIAN MIXTURE—triple acting—to relieve coughing fast. Take a teaspoonful and hold it on the tongue a moment, then swallow slowly through the throat, head and bronchial tubes. BUCKLEY'S MIXTURE acts promptly to help loosen up thick, sticky phlegm—soothe irritated throat membranes and ease hard coughing spells.

Most all Canada knows BUCKLEY'S—folks who live up North where a cough mixture has got to do a real job, keep BUCKLEY'S handy. So try it the very next time a cold results in a wracking, stubborn cough—find out for yourself just how good it is for coughs due to colds. Get BUCKLEY'S CANADIAN MIXTURE—made in the U.S.A.—TODAY—at all drug stores.

Chislers Appealing To Parents of the War Dead in Europe

Warning that individuals who claim to have inside information or influence in the government program to return the remains of World War II dead are "chislers" trading upon the emotions of grieving families, Colonel E. V. Macatee, Commanding Officer, San Antonio General Depot, today outlined the plans as they now exist for the repatriation of our war dead.

Colonel Macatee pointed out that prior to each temporary cemetery overseas being evacuated, the next to kin—wives, children, parents, brothers and sisters—will receive an official letter of inquiry and application for disposition of remains from Washington. As there are 209 temporary cemeteries, letters of inquiry may be received as late as the fall of 1948. Self-styled big shots who promise return of a serviceman's remains ahead of schedule are seeking money for services they can never perform.

Complaints have already been received of "chislers" operating in the Texas Area. Colonel Macatee urged relatives of the deceased to refuse to have any dealings with these racketeers but rather to address all requests for information on the repatriation program to the American Graves Registration Service, San Antonio General Depot, San Antonio 8, Texas or the Fort Worth Quartermaster Depot, Fort Worth, Texas. He further urges that report be made to the above when any individual approaches relatives with promises of "cutting red tape" or arranging for the early return of loved ones upon the payment of a fee for such service.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends and neighbors for the many deeds of kindness and the beautiful floral offering, during the sickness and death of our dear Mother. God bless each of you is our prayer. Mr. and Mrs. A. L. Stevens and family, Mr. and Mrs. Lewis Powell and Don, Mr. and Mrs. George Kibler and family, Mr. and Mrs. Luther Kibler and family, Mr. and Mrs. Lawrence Kibler and family.

Cotton textile industry expects increased production of civilian fabrics (present annual rate: 10.5 billion square yards) will stimulate cotton's return as a style fabric for slacks, sport shirts, summer dresses, etc.

Frosh Left For Dallas

After neatly sewing up the Amarillo AAU league last week with a convincing 57-47 victory over the strong Hereford Implement five, West Texas State's Frosh left Tuesday for Dallas where they will engage in tourney play starting Wednesday and lasting through Saturday.

The Junior Buffaloes won the right to represent this section of country in the State AAU meet by taking the victory crown of the Plains AAU show in Amarillo early in January. Considered one of the most promising freshmen teams in the history of West Texas State, the Frosh are one of the favored teams in the State play-off and carry a record of 26 wins and 2 defeats into the cage classic.

In preparation for the Dallas event, the Freshmen threw back the challenge of Hereford Implement in the finals of the Amarillo AAU meet last week and won by a 57-47 count. Bill Birdwell, ex-Dimmitt star, rallied the winning form of the little Maroon with 14 points and was closely followed by big Charles Kitchens of Childress with 13 tallies. Earl Stagner paced the losers with 14 points.

The trip to Dallas for the games to be played in the Joe Perkins Gym on the campus of Southern Methodist University will be made by Charles Kitchens, Hubert Kitchens, Charlie Barnard, Sammy Malone, Bill Birdwell, Bill Phillips, Ted Haber, and Coach Borden Price.

Coach Price also will take three sophomore standouts to bolster his reserve strength and they will be Glynn Braden, Bill Miller and Pinky Jackson.

Sounds like a legislative caucus.
At least if crows should make our laws,
None would be passed without due caws.

Look for a strong reaffirmation of U. S. support for Italy's admission to the U. N. as a soothing "chaser" to signing of the peace treaty. State Department officials are jittery over treaty's effects in Italy, including a possible coalition of dissident parties to drum up further unrest.

The Trading With The Enemy Act will be modified soon by U. S. officials. The action will be taken as a step toward speeding up the revival of freer trade with both Germany and Japan.

DRINKING WATER

Now for Sale in

CANYON

This is the famous drinking water shipped for years into the Panhandle from the OZARK Mountains of Arkansas. If used exclusively for the child's drinking water and food formula, it will prevent BROWN TOOTH STAIN. All STATE and FEDERAL surveys show that the majority of the children in this area have brown tooth stain and mottled teeth in varying degrees of severity. They charge this to the high fluorine content of local water supplies. OZARKA WATER contains NO fluorine.

FOR ADULTS TOO

The famous OZARKA WATER meets all requirements of a good table drinking water. It is a pure, natural spring water—very soft—undistilled and untreated by chemicals, electricity, or otherwise. Nothing added, nothing taken away. Its therapeutic properties invariably benefit adults suffering kidney and bladder disorders.

CLEAR-VIEW will positively "WEATHER-CONDITION" your windows, serve you as a sun-shade or an awning, as a draft deflector, as a blind for privacy, and a storm shutter. With marvelous Sun-Ray reflection, it will prevent the broiling sun light or heat rays from generating the heat inside the building, and thus keep the rooms on the sunny side of the building as cool as those on the shady side. In winter, too, you may close these Blinds to reduce heat loss for a warmer indoors. THE ONLY MODERN AND POSITIVE ITEM OF WINDOW TREATMENT AND INSULATION IN THE WORLD TODAY. CLEAR-VIEW gives you complete privacy, draft and ventilation control, and exemplary protection from prowlers and rain with windows open. They control daylight without glare and give you freedom from maintenance costs necessary on all other kinds of window treatments, drudgery of dusting and scrubbing ordinary inside blinds, and withal, leaves your interiors with unhampered possibilities for your own ideas of window interior decoration. Operated from inside without opening windows. Finished in light colors with two coats of Infra-Red baked synthetic enamel.

Bufs Ended Season With 2 Victories

Friday night's game, a sluggish, slow-moving battle, found the Maroon running up an early 31-13 lead before idling down when reserves took command midway in the period. New Mexico A&M, paced by Dick Hynes and Bill Hamm, rallied quickly and by halftime cut the hosts lead to a scant 34-24 margin. Upon resumption of play in the second frame, Coach W. A. Miller started his first five and again they spurred into a scoring spree only to be matched almost point-by-point by the Aggies.

12 Points

With four minutes playing time remaining, West Texas held a 51-46 advantage but Boyce Box combined with J. W. Malone to rack up 12 fast points while the Sunshine boys looped in 9 to end the engagement with a 63-55 score in favor of the Bufs.

Box led the Canyon scoring parade with 18 points and was followed by Dick Hynes who counted up 14 tallies for the losers.

Saturday night the tall Texans entertained the University of New Mexico Lobos in Burton Gym and gained revenge for an earlier loss in Albuquerque by outscoring their rivals 62-54.

Never threatened, except for an early 3-0 lead held by the Lobos, the Millermen spurred into the winning form and led their opponents 35-22 at the intermission.

Bouncing back after a halftime rest, the New Mexico cagers poured in six points to throw a scare into the bounding Buffaloes but after that they were never really in the race.

Braden Scores

Holding a 60-54 margin with forty seconds remaining, Glynn Braden, towering left-hander for West Texas, crammed in a crisp shot to definitely ice away the match.

Pacing the point-attempt for Canyon was Metz LaFollette with 14 counters while Dick Apodaca zipped in 15 for the losers.

These two victories pulled West Texas over the 500 mark for the season to a 541 with 13 wins and 11 losses and deadlocked them with 8 wins and losses with Texas Tech in the Border circuit race.

The Republican majority in Congress seems determined to limit a President to two terms. And this is the party that said it favored things like full time employment and job security!

Positions Clear In Border Loop

With only one more game scheduled for Border Conference play, top places in the loop were more clearly outlined after last week's hectic play. Arizona State of Tempe meets Arizona State of Flagstaff tonight in a game which will determine whether Flagstaff will occupy the second place slot alone or whether they will share it with New Mexico University.

Near final standings are:

	W.	L.	Per
Arizona	15	2	.875
Flagstaff	10	5	.667
New Mexico	10	6	.625
Texas Mines	9	7	.563
West Texas	8	8	.500
Texas Tech	8	8	.500
Tempe	5	10	.333
Hardin-Simmons	5	11	.313
N. M. A&M	2	14	.125

Decker Tops Basketball Scoring Campaign

Final play Friday and Saturday brought the West Texas State basketball season to a close and also affixed players in their permanent

positions in the scoring department. Standings at season end show these in the top five slots:

Hank Decker	171
J. W. Malone	165
Ledru Jacobs	153
Glynn Braden	119
Metz LaFollette	107

The downtrodden Chicago Cardinals, now claiming football's best backfield should lead the field in pro football next season.

CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS

It won't take you long to realize the quality service you receive when you send your fur coat and other garments to CANYON TAILORING COMPANY for storage. We offer skillful and dependable storage facilities. Repairing...glazing.

**IT PAYS
TO WAIT FOR A SURGE**

Even the full swing of stepped up peacetime production can't quite meet the demand for Surge Milkers. Dairy families need a machine that will do more of their work and save more of their time — they need Surge Milking. The simple fact is that the Surge does do automatically what other machines have to be helped to do. The Surge does do more of your work and save more of your time. That's why you can afford to wait just a little longer and make sure you get a Surge. A Modern Machine is a better investment.
